FOREIGN LIABILITY & WC CLAIMS HANDLING

BERKLEY TECHNOLOGY UNDERWRITERS & CRAWFORD AND COMPANY TEAMING UP FOR CLAIM HANDLING

Berkley Technology Underwriters (BTU) has partnered with Crawford and Company and Broadspire (a Crawford Company) for our day to day claims administration since 2013 to handle all foreign liability and workers' compensation claims outside of the United States. This arrangement allows BTU to continue providing exceptional coverage and service to our insureds virtually anywhere in the world.

The challenge in handling foreign liability and workers' compensation claims can be complicated and complex. Crawford's experience, technology, and band-width allow for a seamless and efficient claims handling process.

Enhancements to BTU's claim experience through this partnership includes:

- Handling of all Foreign Voluntary Workers Compensation (FVWC) claims from a centralized unit with a highly experienced, dedicated team of professionals.
- Dedicated support within the U.S. by Crawford to manage, coordinate, and adjust first party property, third party general liability, and professional liability claims.
- Capacity and coverage to handle claims all around the world with over 9,000 employees in 70 countries.

Berkley Technology Underwriters is very excited to be teamed up with Crawford and we believe this continued partnership sets us above all other carriers in the market today.

More information about Berkley Technology Underwriters and Crawford can be found on the following page.

CRAWFORD AND COMPANY

As the world's largest publicly listed independent provider of global claims management solutions, Crawford and Company has been restoring and enhancing lives, businesses, and communities for over 75 years. ABOUT W.R. BERKLEY

W. R. Berkley Corporation, founded in 1967, is one of the nation's premier commercial lines property casualty insurance providers. Our competitive advantage lies in our long-term strategy of decentralized operations, allowing each of our units to identify and respond quickly and effectively to changing market conditions and local customer needs. This decentralized structure provides financial accountability and incentives to local management and enables us to attract and retain the highest-caliber professionals. We have the expertise and resources to utilize our strengths in the present environment, and the flexibility to anticipate, innovate and respond to whatever opportunities and challenges the future may hold.
